Plot No 4189, Gala No. 4, Ground Floor, GIDC Phase-3, Dared Jamnagar - 361001

About us

Hatimi Products is a manufacturer and supplier of **customized brass components** and **ferrous & non-ferrous alloy parts**, designed and developed as per customer drawings or samples.

Manufacturing Capability

We produce precision-engineered turned, machined and forged components ranging from **2.5 mm to 75 mm**, using:

- Traub machines
- CNC & VMC
- Drilling & milling setups

Location Advantage

Based in **Jamnagar, Gujarat**, a global hub for brass and copper-based component manufacturing. Our company benefits from a highly skilled ecosystem and strong supply-chain support.

Experience

Established in 2018, with **over 10+ years of engineering and production experience**, serving:

Domestic markets: Maharashtra, Tamil Nadu, Delhi, etc.

International markets: UAE and other Middle-East countries and parts of Europe.

Technical Capabilities

With a strong engineering background, we specialize in:

- Product design & development
- Precision machining with strict tolerances (as per customer drawings or DIN standards)
- Complete project execution from prototyping to mass production
- Ensuring consistent quality, reliability, and repeatability

Material Expertise

- Brass
- Copper-based alloys
- Other ferrous & non-ferrous alloys

Industries We Serve

- Automobile
- Electrical
- Oil & Gas
- Air-Conditioning & Heating Equipment
- Industrial Machinery & Hardware

Clients & Applications

Our parts are supplied to OEMs and multinational companies including **Bajaj**, **John Deere** and many more.
